MOVEMENT STANDARDS

The Amsterdam Throwdown prescribes the rules relating to the movements that are performed by the athlete, these standards can be found in the Movement Standard book. These prescriptions are binding and conclusive.

The Amsterdam Throwdown will demonstrate the required movements and explain these to both athletes and judges.

If the performed movement does not meet the prescribed standard for that movement it does not count as a repetition, the judges will call "No rep".

ONLINE QUALIFIER

Registration for The Amsterdam Throwdown is done at www.theamsterdamthrowdown2019.eventbrite.com

Registration opens on July 1st at 06:00 CET.

Registration closes on August 30th at 18:00 CET.

The online qualifier runs from August 31st at 09:00 CET until September 13th at 21:00 CET.

All scores and videos must be submitted and validated before September 14th at 12.00 CET.

Three qualifier workouts will be announced after the registration closes.

All qualifier workouts require to be recorded. A score submission will be considered invalid without video submission and will be excluded from the finals and/or other prizes (including the scaled division).

All qualifier workouts require to be judged. Judges must have read and understand the movement standards book prior to judging the athlete.

VIDEO AND SCORE SUBMISSION

The video needs to start with an introduction of the athlete and all items used in the workout.

All equipment used must be clearly displayed and measured (Weights, Box, Wall-Ball height, etc.)

Video must be taken from an angle that shows full profile of athlete to ensure that full motion standards are met.

Videos cannot be edited in any way. The video needs to be ongoing. Cutting the video will result in immediate disqualification.

The athlete needs to be in the frame of the video at all times during the workout. As well as a clearly visible running clock (a tablet can be used).

The equipment needs to be in the frame of the video at all times during the workout.

Only the athlete may touch and/or move the equipment, the judge may assist in activating the rower's display. This can be overruled if stated specifically in the WOD briefing.

The qualification process is a competition environment. Have a judge in your video ready and able to give and show no-reps. Additional no-reps given at video review will result in penalties and/or rejection of the video.

The Amsterdam Throwdown Judging team holds the right to review any or all videos submitted. As part of this video review process, the Athletes posted score may be accepted, modified or invalidated without warning.

All athletes must upload their videos during score submission. The Amsterdam Throwdown crew might request the video to be submitted for review. Videos must be submitted within 48-hours after the request was sent. Failure to comply will immediately invalidate the score of the workout(s).

Videos must be uploaded on a public platform (e.g. YouTube, Vimeo). Athletes will have to share the link upon request of The Amsterdam Throwdown.

SCORING PROTOCOL

There are four possible outcomes in the judging and scoring of online video submissions:

Good Video: The athlete meets the required movement standards on all repetitions in the workout and the score they posted is correct. Their score will be accepted.

Valid with Minor Penalty: Over the course of the video, the athlete demonstrates 1 to 4 "no-reps" which may be removed from the athlete's final score as required. This penalty is used for video submissions where the score needs to be adjusted by fewer than 5 reps. If the score is posted in the form of a time, the total time to complete the workout will be adjusted accordingly.

Valid with Major Penalty: Over the course of the video, the athlete demonstrates 5 or more "no-reps." In this case, the score may be modified by subtracting 15 percent from the total rep count. If the score is posted in the form of a time, the total time to complete the workout will be adjusted accordingly.

Invalid: Over the course of the video, the athlete fails to complete the workout as required, a significant and unacceptable number of reps performed are “no-reps” or the video does not contain the criteria listed in the video submission standards. The athlete’s score will be rejected. The athlete will have to submit a new video prior to the score submission deadline to receive a score for this workout.
